

New England's Premier Shed Builder

# How our shed buying process works

Our customers have spoken and we are listening. The desire to customize a shed and truly make it their own is easy with our itemized additional options available above and beyond what is included in the base price of each shed. Here are the starting steps to getting the shed of your dreams.

1. What size shed D' x L' do I need? Sizes from 6'x8' up to 16'x40'.
2. What roof pitch (Shed Style) best fits my needs?
3. What siding & roofing do I want my shed finished in?
4. Now it is time to pick all your options.
  - What wall height do I want 6'4.5", 7'4.5" or 8'4.5"?
  - What size/style doors and windows do I want?
  - Functional options such as a solar light, ramp or loft.
  - Aesthetic options such as cupolas, frieze board, dormer & so on.

After selecting all your features we can provide you with an exact quote installed on your property. With the amount of options we offer it can get overwhelming. If you need assistance our sales staff is here to sit down with you and guide you through all the possibilities without trying to oversell you. Delivery & installation is included within our service area. We service portions of all New England states.

# Learn About Us

## The Battle to Fight Cancer

In 2020 aside from dealing with a national pandemic, we lost our founder Kevin Bartolotta, to a short yet courageous battle with Pancreatic Cancer. Kevin was an eternal Optimist and an advocate for old school customer service. Today we continue to conduct business in the same manner and will continue to carry on his vision with future generations. A portion of our shed sales will be donated to Cancer Research as we strive to find a cure for the numerous variations of the disease. We want to thank the overwhelming support from our staff and customers during the difficult hurdle as we keep moving forward. There will never be another shed we construct without the remembrance of Kevin and the passion he had for his business, family, and the positivity he brought to everyone's life who knew him.

# Base Pricing & Options

## Sheds Built to Your Specifications

For your convenience you can hover over the QR code to the right and open our pricing in an instant. Just open the camera on your smart phone and face it toward the photo. Current pricing can also be found online any time at [Easternshed.com](http://Easternshed.com)

[Use QR Code for Pricing](#)

## Delivery & Timing

### Built in Hours not Weeks

Most of our sheds are installed in just a matter of hours! We prefabricate most of our components to save long periods of excessive noise on-site that you may experience with traditional construction. Deliveries always vary throughout the year please call for current lead times at 888-34-SHEDS(74337).

## Design My Own

### 3D Shed Design Tool

Our website also features a state of the art shed design tool that allows our customers to pick and chose from all sizes, styles, and available options. We do recommend using a computer or tablet to design your shed as the features from a cell phone can be tricky. Simply visit [EasternShed.com](http://EasternShed.com) and find the "Design My Shed" tab to start designing yours today!

# Eastern Advantage

## Setting us apart

Eastern Shed Company is a family owned business that provides a complete line of storage sheds, pavilions, pergolas and gazebos to customers throughout New England. Over the past four decades we have watched the industry change. As our business has grown, we have never lost sight of what is most important to our past and for our future customers. We have committed ourselves to providing "Superior Quality Products at Reasonable Prices". We are dedicated to honesty, quality craftsmanship and "old school" customer service. We believe that one of our best form of advertising is still word of mouth. Taking extra time to review our products with you and design a shed to accommodate the needs of each and every customer.

*Sincerely,*  
*Kevin, Jared & Jodi Bartolotta*

- Hurricane Clips on Trusses (Truss attachment to wall)

# Be Ready for Your New

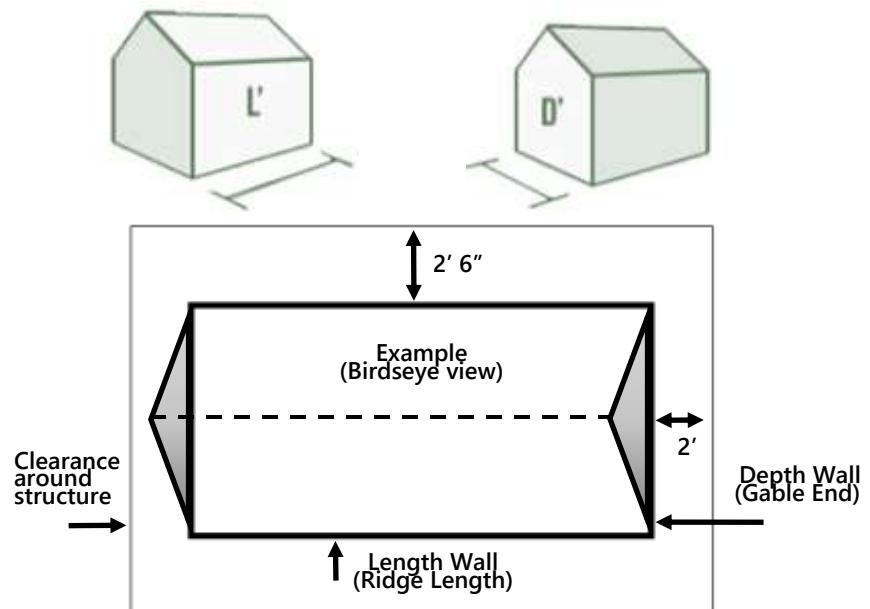

## Be Prepared

- The site must be a fairly level, firm and free of all overhead obstructions with 2 ½' clearance at the front and rear and 2' on both gable ends. Visualize the four corners of the shed. The highest ground corner to the lowest ground corner cannot drop more than 6" in elevation. If the site doesn't meet these requirements there are several things that can be done. Please call the main office with any concerns or questions and we can usually talk you through the process or come to your home for a free site evaluation. We level our sheds on cement blocks off the ground for airflow. Cement blocks are included in the price and are used on any shed not being installed on a permanent foundation.
- We require adequate access to the site as well as parking for our truck & trailer. Please contact our office if you have any concerns with inclines, stairs or other hazards potentially limiting access to your shed site.
- Our sheds are constructed onsite which allows us to access areas that are located within a fenced in property.

## How To Order

- ✓ Give us a call at 888-34-SHEDS(74337)
- ✓ Come see us at one of our locations!
- ✓ Order at home during a free site evaluation!
- ✓ Order online at [www.Easternshed.com!](http://www.Easternshed.com)

## Chateau

"From start to finish THIS is a professional company! No pressure sales, great scheduling follow ups and quick construction, everything was top notch! I would not hesitate to do business with Eastern Shed!"

- Chris, Stratham, NH

### Classic & Compact

Our Chateau model has been our most popular style shed throughout the years. Its traditional gable roof style complements many of our customer's homes. An American classic that is built to tackle all New England elements while staying budget friendly.

- Standard 6'4.5" Wall Height
- 5.5/12 Roof Pitch
- 6 Siding Choices & 9 Roof Color Options
- Most Affordable
- Door and Window Placement to Customer's Specification
- Sizes: 6x8 through 16x30 (Larger Available)

# Sierra

"Great company to deal with. Helped me assess the site & make recommendations. Helped me find custom siding that exactly matches my house. Shed was put together in 2 hours and looks great!"

- Ilya, Billerica, MA

## The Modern Streamline

Our Sierra model was one of our first designs over forty years ago and was brought back several years ago due to the demand. This fits a great deal of custom homes with its modern design. Some customers will have the one slope roof built close to another structure to maximize their yard space.

- 6'4.5" Low Wall Height; High Wall Height Varies
- 2/12 Roof Pitch
- 6 Siding Choices & 9 Roof Color Options
- Door and Window Placement to Customer's Specification
- Sizes: 6x8 through 10x30 (Larger Available)

## The Talk of the Neighborhood

Our Aspen model has become our number one seller. It features our steepest roofline that allows for maximum overhead storage. Storage lofts are very popular options we see added to this design. Add a transom dormer on the roof and your shed will be the envy of the neighborhood.

- 6'4.5" Wall Height
- 9/12 Roof Pitch
- 6 Siding Choices & 9 Roof Color Options
- Door and Window Placement to Customer's Specification
- Largest Storage Loft (Optional)
- Sizes: 6x8 through 16x30 (Larger Available)

## Aspen

"I love my new shed. Eastern Shed was great to work with. Staff was very friendly and professional! We were very happy with quality of the shed, & service from beginning to end! Would highly recommend!!"

- Mary, Middleton, MA

## Quaker

"The shed came out great; the guys were on time and friendly. Shed looks amazing. Also, the follow-up before, during, and afterward was impressive. They run a great company!"

- Greg, Needham, MA

### Strong & Refined

Our Quaker model offers a 15" roof overhang off the front wall. We find that many customers purchase this shed as a poolside accent. This style is also common for a firewood shed option, bus stop or outdoor bar. It adds a great finished look to any backyard.

- 6'4.5" Back Wall & 7'3.5" High Wall Height
- 5.5/12 Roof Pitch
- 15" Front Overhang
- 6 Siding Choices & 9 Roof Color Options
- Door and Window Placement to Customer's Specification
- Sizes: 6x8 through 16x30 (Larger Available)

## A Touch of Agriculture

Our Gambrel model offers the much needed extra overhead height that many of our customers are looking for. Storage lofts are the most common additional option for this style to maximize the available storage capability.

- Standard 6'4.5" Wall Height
- Barn Style Roof - 25/12 to 4.5/12 Pitch
- Most Overhead Height
- Large Loft Option
- 6 Siding Style & 9 Roof Color Options
- Door and Window Placement to Customer's Specification
- Sizes: 6x8 through 16x30 (Larger Available)

## Gambrel

"Great shed at a reasonable price. Answered all our questions beforehand and followed through on all scheduled dates. Very happy with the product and service!"

- Alison, Salem, NH

# Delmar

## Store Even More

Our Delmar Model has been an extremely popular style having the overhead door and 1' higher walls included. You can add the Chateau, Aspen, Quaker or Gambrel roof to it giving you a shed that is designed to match your style. With the right floor or slab this makes a great 1 stall garage!

- Standard 7'4.5" Wall Height
- All Roof Styles available (Chateau/Aspen/Sierra/Gambrel & Quaker)
- 8'W x 7'H Garage Style Overhead Door Included
- 6 Siding Style & 9 Roof Color Options
- Door and Window Placement to Customer's Specification
- Sizes: 10x10 through 16x30 (Larger Available)

"Outstanding customer service throughout the process from ordering, delivery & installation of my shed. I would highly recommend Eastern Shed to my friends and family. My new shed looks great."

- Marc, Clinton, MA

# Pavilions

## Call of the Wild

Our Pavilions have a similar feel as a Pergola, but with a completely covered roof for protection from all elements. We offer many sizes, finishes and roof styles. They seem to be the most common leisure space for all the New England seasons. You can feel at ease knowing you have a shaded area in the sun and dry area in the rain or snow.

# Pergolas

## Open Air Gathering

Our Pergolas add the perfect outdoor retreat feel to any backyard here in New England. They are available in Vinyl, Cedar or Pressure Treated Lumber. These allow for a completely open feel while still providing some shade. We very commonly see these ordered for around a fire pit or right off the pool over a beautiful patio.

# Gazebos

## Finely Crafted

Our finely crafted Gazebos are available in three different styles; Octagon, Oval and Rectangular. They are available in Vinyl, Pressure treated or Cedar. With several sizes and styles in each shape available choose what best suits your location and let us take care of the rest.

Using Eastern was a great experience. Krissy was very knowledgeable and efficient. Delivery on time and set up crew were amazing. I cannot say enough about how great they are. 100% recommend

*- Barbara, Haverhill, MA*

# Decks

## Attention to Detail

For over 40 years our family has offered more than just sheds being involved in all aspects of construction and holding a supervisors license. We are happy to now offer customers a solution to the yearly cleaning, painting and/or staining of their front porch or back deck. Call us today for a free estimate to make your annual chore a thing of the past.

Deck services in North Shore, MA & South East, NH.

# Outdoor Furniture

## Leisure Lawns Collection

**Poly Construction with Stainless Fasteners:**  
Concerned about the environment? Our quality poly lumber makes good use of materials that otherwise might end up in a landfill.

**Maintenance-Free:**  
Unlike wood furniture, ours is guaranteed not to rot, never needs painting, and can take the worst old man winter can give.

**24 Poly Colors:**  
Trying to match a certain color? Our twenty-four vivid colors along with three rustic colors give you a wide selection. Offered in solid or two-tone variations.
